

YIANG LI

yangli404@outlook.com – 752-991-1038 – github.com/yiang-li

Personal Website: <https://yang-li.github.io>

EDUCATION

University of Chicago

MA Computational Social Science

Maroon Scholar (\$32.5k scholarship)

September 2022 - Present

Cumulative GPA: NA

University College London (UCL)

BSc Social Sciences with Data Science

Award Winner: *Best Graduate Student - Academic Contribution*

September 2019 - June 2022

Cumulative GPA: First (Hons) 4.0/4.0

DATA ANALYSIS SKILLS

Programming Languages

R, Python, SQL, Stata

Python Packages

Numpy, Pandas, Scikit-learn, Matplotlib

Software & Tools

MixPanel, Segment, L^AT_EX, Excel, Final Cut Pro, Canva

RESEARCH EXPERIENCE

Yale University

Research Assistant

New Haven, United States

May 2022 - Present

- Studied inter-generational social mobility and health using R and Stata under Dr. Emma X. Zang

UCL Social Research Institute

Research Assistant

London, United Kingdom

March 2021 - May 2022

- Collected and re-coded 5 years' teacher pay reform policies from 152 local authorities in England and performed multilevel regression, data analysis, quantitative text analysis, spatial mapping, and visualization using R and Excel in collaboration with Dr. Hedvig Horvath and Dr. Bilal Nasim
- Examined the causal impacts of policy changes on the teacher retention and student attainment

2021 National Undergraduate Big Data Challenge

Researcher & Co-First Author

Remote

May 2021 — Oct 2021

- Predicted the COVID-19 vaccine uptake rate in the US using R and Python through statistical and machine learning algorithms on web search queries and concluded the stacked regression of ARIMA (1,0,8) for clinical data and boost with Support Vector Machine gives the most accurate prediction.
- Manuscript published in peer-reviewed SCI journal

Nanjing University

Researcher & Co-Author

Nanjing, China

May 2021 — Oct 2021

- Analyzed the longitudinal survey data from 8000 respondents using quantitative multilevel regression
- Reviewed academic articles on inter-generational education for older people in China
- Drafted and published findings as co-author (manuscript under review at Ageing and Society)

Nanjing University of Posts and Telecommunications

Research Assistant

Nanjing, China

May 2021 — Oct 2021

- Collaborated with senior scholars to draft and distribute questionnaires and prepare interview guidelines to study healthcare product consumption in China
- Carried out Quantitative Text Analysis on healthcare regulations in R

Johns Hopkins University
Researcher, Summer Research Program

Remote
Feb 2020 — Apr 2020

- Compiled and analyzed the data of 250 respondents using R on the impacts of COVID-19 stigmatization
- Based on the quantitative regression results, composed an essay analyzing stigmatization at all Chinese social levels under the supervision of Prof Johannes Urpelainen (article awarded with distinction)

PEER-REVIEWED JOURNAL PUBLICATIONS

4. Guo, W., Chen, L., & **Li, Y.** (2022). The Influence of Grand-parenting on the Well-Being of Older Chinese Adults. *The International Journal of Ageing and Human Development*, forthcoming
3. **Li, Y.** (2022). The local political control behind education policies: Evidence from teacher pay decentralization reform in England Local Education Authorities *European Journal of Political Economy*, forthcoming
2. **Li, Y.**, Zhou, X., Zhu, T., & Guo, X. (2022). Racial Hate Crime and COVID-19: A Multinomial-choice Study in the US. *UCL Journal of Economics*. [Link to the paper](#)
– Winner - Most Popular Paper
1. Zhou, X., & **Li, Y.** (2022). Forecasting the COVID-19 vaccine uptake rate: an infodemiological study in the US. *Human Vaccines and Immunotherapeutics*, 18(1).

INDUSTRY EXPERIENCE

Oxwash
Intern Data Engineer

London, United Kingdom
Jun 2022 — Sep 2022

- Used Python to build automated data pipelines alongside the operational teams to collect, store, and centralize operational data that are critical to strategic projects
- Used Python and R to perform data analysis and visualization by blending operational data sources to visualize insights and create written reports supporting company strategy and execution

Ipsos Group
Intern Quantitative Researcher

Beijing, China
Apr 2021 — Jul 2021

- Designed large-scale surveys of over 10,000 respondents and conducted quality assurance (QA)
- Performed data analyses and data visualization using R, SQL, and Excel to draft quantitative reports
- Communicated data-driven recommendations for business decision makings and product refinements

Xinhua News Agency
Intern Policy Journalist

Nanjing, China
Jun 2020 — Sep 2020

- Produced investigative video and written reports on the teenagers' mental well-being during COVID-19
- Independently produced national policy analysis reports cited in 45 media outlets and viewed more than 20 million times through qualitative interviews and won Xinhua News of the Month reward

LEADERSHIP EXPERIENCE

Principal Officer and Treasurer, Connect.ed Society, UCL
Undergraduate Mentor, Social Research Institute, UCL

Sept 2019 — Jun 2022
Sept 2020 — Apr 2022

Last Updated: June 25, 2022
