### **EDUCATION**

University of Chicago

September 2022 - Present

MA Computational Social Science

Cumulative GPA: NA

Maroon Scholar (\$32.5k scholarship)

University College London (UCL)

September 2019 - June 2022

BSc Social Sciences with Data Science

Cumulative GPA: First (Hons) 4.0/4.0

Award Winner: Best Graduate Student - Academic Contribution

### DATA ANALYSIS SKILLS

Programming Languages I

R, Python, SQL, Stata

Python Packages

Numpy, Pandas, Scikit-learn, Matplotlib

Software & Tools

LATEX, MixPanel, Segment, Excel, Final Cut Pro, Canva

### PEER-REVIEWED JOURNAL PUBLICATIONS

- \* indicates co-first authorship and equal contributions
  - 3. Chen, L., **Li, Y.,** & Yang, Q., (2022). The Influence of Grandparenting on the Depression and Life Satisfaction among Mid-Aged and Older Chinese Adults. *Int. J. Environ. Res. Public Health*, 19(17). https://doi.org/10.3390/ijerph191710790
  - 2. **Li, Y.**, Zhou, X., Zhu, T., & Guo, X. (2022). Racial Hate Crime and COVID-19: A Multinomial-choice Study in the US. *UCL Journal of Economics*, 1(1), p.24-31. https://doi.org/10.14324/111.444.2755-0877.1403
    - Winner "Most Popular Paper", 2022 UCL Department of Economics Research Conference
  - 1. Zhou, X\*., & Li, Y\*. (2022). Forecasting the COVID-19 vaccine uptake rate: an infodemiological study in the US. *Human Vaccines and Immunotherapeutics*, 18(1). https://doi.org/10.1080/21645515.2021.2017216

# WORKING PAPERS

- 4. Li, Y., Zhou, X. (2022). The local political control behind education policies: Evidence from teacher pay decentralization reform in England Local Education Authorities. *Policy Studies Journal*, under review
- 3. Zhou, X\*., Li, Y\*., Zhu, T., & Xu, Y. (2022). Individuals with Long-term Illness, Disability and Infirmity Smoke More: An Instrumental-Variable Analysis in the UK. Frontiers in Public Health, under review
  - Winner Research Solution Award (\$600) & Finalist in 2022 Inter-University Big Data Challenge
- 2. Hossain, M., Zang, E., Li, Y., (2022) The influence of contextual and individual social mobility on health
- 1. Waite, L., Laumann, E., Li, Y., (2022) The influence of BMI on older people's health

### RESEARCH EXPERIENCE

# National Opinion Research Center at the University of Chicago

Graduate Research Assistant II

Chicago, United States Sept 2022 - Present

- · Provided rigorous and reproducible data cleaning, management, and statistical analysis using Stata and Python on longitudinal NSHAP data supervised by Prof. Linda Waite
- · Conducted non-linear and data-driven modeling on older people's obesity with other health outcomes

Yale University
Research Assistant

Remote
May 2022 - Present

- · Analyzed quantitative data-set of 10,000 US households to understand inter-generational social mobility and health using R and Stata in collaboration with Dr. Emma X. Zang
- · Prepared background literature review, analysis methodology narrative, and graphical results for publication in peer-reviewed journals and conference presentations

### **UCL Social Research Institute**

London, United Kingdom March 2021 - May 2022

Research Assistant

- · Collected and re-coded 5 years' teacher pay reform policies from 152 local authorities in England
- · Performed multilevel regression, data analysis, quantitative text analysis, spatial mapping, and visualization using R and Excel supervised by Dr. Hedvig Horvath and Dr. Bilal Nasim
- · Examined the causal impacts of policy changes on teacher retention and student attainment

## Johns Hopkins University

Remote

Researcher, Summer Research Program

Feb 2020 — Apr 2020

- · Compiled and analyzed the data of 250 respondents using R on the impacts of COVID-19 stigmatization
- · Based on the quantitative regression results, composed an essay analyzing stigmatization at all Chinese social levels under the supervision of Prof Johannes Urpelainen (article awarded with distinction)

# INDUSTRY EXPERIENCE

Oxwash Intern Data Engineer London, United Kingdom May 2022 — Sep 2022

- · Built automating data pipelines using Python, Airflow, and Segment to centralize the storage of over 30,000 data observations in JSON and democratize the data visualization on MixPanel
- · Used R and Python to collect, process, visualize and analyze both over 60,000 customer-facing data on the collection, delivery, and payment for their laundry; and internally-used operation data for improving sustainability, growth marketing, and operational decision making.
- · Initiated multiple raw data collection projects to understand customer insights
- · Independently created quantitative reports and presentations that translate visualizations and insights into critical takeaways for company strategy and execution

Ipsos Group
Intern Quantitative Researcher

Beijing, China Apr 2021 — Jul 2021

- · Designed large-scale surveys of over 10,000 respondents and conducted quality assurance (QA)
- · Performed data analyses and data visualization using R, SQL, and Excel to draft quantitative reports
- · Communicated data-driven recommendations for business decision makings and product refinements

# LEADERSHIP EXPERIENCE

Principal Officer and Treasurer, Connect.ed Society, UCL Undergraduate Mentor, Social Research Institute, UCL

Sept 2019 — Jun 2022

Sept 2020 — Apr 2022

Last Updated: November 7, 2022
